Summary

As a recent graduate with a Bachelor's degree in Mechanical Engineering, I have always been passionate about creating solutions and solving problems. However, my fascination with technology and its limitless potential motivated me to pivot my career towards software development.

With a solid foundation in programming concepts and experience in Front-end development, I am excited to take on new challenges as a Front-end Developer. My enthusiasm for learning and exploring innovative solutions drives me to constantly upgrade my skills and stay ahead of industry trends.

I believe that my diverse background in engineering and software development enables me to bring a unique perspective and creativity to my work. I am eager to collaborate with teams and contribute to projects that make a real impact on people's lives.

Let's connect and explore how I can bring my skills and passion to your organization.
